

HSE Award Alert 004

TOKEN OF APPRECIATION

The Abu Dhabi Environment Health and Safety Department presented a token of appreciation to Mr. Abdullah Darwish, Managing Director, Saif Bin Darwish and Mr. Robert Burns, Group Head HSE for the outstanding performance of Saif Bin Darwish towards the AD EHSMS. The token was handed over by Eng. Abdulazi Hussni Zurub, Division Manager, AD EHS

SBD has shown full compliance with the Building and Construction Sector AD EHS since its launch in July 2010 and updated SBD HSE Management System as per AD EHS Version 2.0 launched in April 2012. SBD Management System was approved by the AD EHS on 4th April 2013 and we received the certificate of approval on 7th July 2013. We have actively participated in all programs and workshops held by the Abu Dhabi Municipality

SBD's Senior Management believe that it's very important to support and partner the Abu Dhabi Municipality Environmental Health and Safety Department to ensure free flow of communication between both parties which will allow both to develop and grow together.

SBD looks forward to continuing our very strong working relationship with ADM and hopes this continues to create a positive health, safety and environment culture throughout Abu Dhabi
