

HSE Award Alert 009

AL Taweelah Alumina ES&H Award

Saif Bin Darwish has been awarded the ES&H Contractor of the 4th Quarter of 2015 on 17 December 2015. Group Head HSE, Robert Burns, Project Senior HSE Manager, Venkadesh Periathambi, Project Manager, Emad Eltawel, Senior Construction Manager, Mohd Farooq, and Deputy Project Manager, Aws Kamil received the award from EGA Projects - Vice President, Yousuf Abdullah Al Bastaki, BPJV Project Manager Norm Smith and ES&H Manager Debbie Brown.

Head of QA/QC, Mr. John Johnston, and Plant & Transport Manager, Mr. Easwar were also present during this function. SBD was able to achieve this award due to the commitment shown by the Top Management, Project Team and other Departments towards the Project HSE requirements. This award speaks about the high HSE standards being maintained in SBD. The SBD HSE Management system is approved by the AD EHS Center and SBD actively participates in all programs set up by the ADM for continual improvement of the system. The HSE manual and procedures are revised, updated as per the AD EHS requirements and followed on the site to improve the safety of the employees and conserve the environment.

The Al Taweelah Alumina Refinery project has been successful with no LTI's and no reportable accidents. This was achieved by the effort put in by the Project HSE team headed by Mr. Venkadesh Periathambi. This award would have not been possible without the team work rendered by all.

SBD looks forward towards having the same level of HSE performance in Al Taweelah Alumina Refinery project in future as well as other projects.
